**Re: Maritime Area Planning Act 2021 - Application for a licence to conduct Marine environmental survey and ground investigation works in order to inform the design of proposed Point Bridge and Tom Clarke Widening Project in Dublin City. Ref LIC230007**

Dear Mr. [REDACTED]

I refer to your application to the Maritime Area Regulatory Authority (MARA) for the above licence. Following assessment of the licence application, I am pleased to inform you that MARA is minded to grant you a licence for the proposed maritime usage subject to conditions.

Section 119(6) (b) of the Maritime Area Planning Act 2021 provides that where MARA is minded to grant a licence subject to conditions, MARA must give a notice to the applicant with the reasons for the conditions and allow the applicant an opportunity to provide supplementary material in relation to the reasons for further consideration before MARA makes a final determination on the licence application.

For this purpose, I enclose the following for your attention:

1. A minded to determine notice
2. A copy of the proposed licence which MARA is minded to grant to you. Please carefully consider the enclosed documentation and if you wish to do so, respond to the minded to determine notice within the time period contained in the notice.

For the avoidance of doubt, no decision to grant the licence shall be considered to have been made until MARA makes a final determination on the licence application.

Yours faithfully,

Dr. Karen Creed.  
Director of Maritime Authorisations.
