Subject: RE: Request for Observations MUL240036 Ton Nua Area A SI OSS

Good day,

After careful consideration, the Marine Survey Office has no objection to the site investigations proposed in the application referenced in the subject line from a navigational safety perspective.

However, the following shall be noted;

1. The Licensee shall ensure all appropriate measures are taken for the duration of any on-site activity to ensure the safety of navigation is maintained. Any hazard to safe navigation shall be easily identifiable to all maritime users operating within or in the proximity of the license area.
2. The Licensee shall, through consultation and agreement with the Department of Transport, Marine Survey Office and Commissioners of Irish Lights, arrange for the publication of a Marine Notice through the Maritime Safety Policy Division. The Licensee must include a copy of MUL when submitting application for publication of Marine Notice. Where a Marine Notice is published and subsequent changes to dates or area of schedule of works, the licensee must inform MSPD of relevant changes in a prompt and timely manner.
3. The promulgation and frequency of Navtex and radio broadcast warnings shall be agreed in advance with the Irish Coast Guard for the duration of the license period.
4. The marking and lighting of any Jack Up Barges or moored instruments shall be carried out in consultation with the Marine Survey Office and Commissioners of Irish Lights. Lighting and marking shall be compliant with International Code of Signals and International Association of Aids to Navigation (IALA) requirements. Information regarding the position of any markings which create a hazard to navigation shall be promulgated to the mariner through the publication of a marine notice and all means appropriate.
5. In advance, and throughout the consent period the applicant shall be obliged to inform United Kingdom Hydrographic Office (UKHO), of any activities or establishment of structures that may impact the safety of navigation, in addition to the provision of bathymetry data in order that appropriate navigation charts can be updated. email: hdc@hdc.hydro.gov.uk and the INFOMAR program at support@geodata.gov.ie
6. **ALL VESSELS** engaged in the Site Investigation Operations must conform to Irish Certification standards and, vessels shall be manned by suitably qualified personnel. Where equipment is carried an Irish Load line survey may be required. The Licensee shall contact the Marine Survey Office Dublin for clarification in relation to the above matters promptly to avoid incurring any possible delays.
