Hi John,

The guidance specifies MUL area polygon in shapefile format so I assume just the boundary maps rather than all the assessment maps also?

Thanks

Erlend

Hi John,

No problem. I will get these sent to you later today – tomorrow at the latest.

Can you confirm is it the GIS files for the MUL red line boundary maps or do you require the GIS files for all the maps contained in the assessments also (fishing, navigation, archaeology, designations maps etc)

Kind Regards
