Re: Maritime Area Planning Act 2021 - Application for a non-material amendment to 2022-MAC-001 under section 86(5) of the Maritime Area Planning Act 2021 (the Act)

Dear Applicant,

I refer to your application to the Maritime Area Regulatory Authority (MARA) for a non-material amendment to the above maritime area consent received on 17th June 2026. Following assessment of the application, I wish to advise that MARA is satisfied that the amendment sought is a non-material amendment, in accordance with Section 86(5)(b) of the Act.

The reason why the original date was set out in the Particulars Schedule and Condition 7 of 2022-MAC-001 is to ensure that the route to market is obtained within a reasonable timescale in order to assist in meeting Government climate targets and for the effective management of State resources.

MARA has made the amendment to 2022-MAC-001 and a copy of the amended MAC is enclosed. The MAC as so amended shall, on and after the date of issue and for all purposes, replace the MAC as in force immediately before it was so amended.

In accordance with Section 86(5)(e) of the Act, MARA shall publish the amended MAC on its website.

Yours faithfully,

Director of Maritime Authorisations
