PARTICULARS SCHEDULE

Maritime Area Consent Reference Number:	MAC20230024
Grantor:	Maritime Area Regulatory Authority
Grantor address:	2 nd Floor, Menapia House, Drinagh Business Park, Drinagh Wexford, Y35 RF29
Holder:	Shannon Foynes Port Company (SFPC)
Holder registered address:	Harbour House, Foynes, Co. Limerick, V94 R232
MAC Commencement Date:	20 July 2026
Term:	99 years from the MAC Commencement Date
Levy Payment Date:	One month after the MAC Commencement Date and on every successive anniversary of the MAC Commencement Date thereafter for the duration of the Term.
Consent Area:	That part of the maritime area marked red on the map attached hereto.
Permitted Maritime Usage:	The construction, operation and maintenance of port facilities and a bridge, including all associated infrastructure, capital dredging, land reclamation and all associated decommissioning, demolition, rehabilitation, and any other works required on foot of any development permission relating to the infrastructure.

Date by which application for Development Permission must be submitted (subject to Phasing Schedule where applicable):	18 months from date of grant of MAC
Date by which Financial Close must be achieved:	18 months from the date of grant of Development Permission
Appendix containing spatial representation of the Consent Area:	Appendix 1
Appendix containing Rehabilitation Schedule:	Appendix 2

REASONS FOR DETERMINATION

Maritime Area Regulatory Authority (MARA) has considered the criteria specified in the Maritime Area Planning Act, 2021, as amended (the Act), in so far as such criteria are relevant to the occupation of the part of the maritime area the subject of the permitted maritime usage. On the basis of the information available and subject to compliance with the conditions set out herein, MARA is satisfied that the Maritime Area Consent (MAC) should be granted in accordance with Part 4, Chapter 3 of the Act.

In reaching this decision MARA has considered the application and supporting documentation received from the applicant, including all supplementary information and the reports of its analysts, marine advisors and financial advisors.

1. DEFINITIONS

1.1 In this Consent, the terms are as defined in the Act unless otherwise stated here.

- (a) **“Act”** means the Maritime Area Planning Act 2021, as amended.
- (b) **“Business Day”** means a day that is not a Saturday, Sunday or a bank or public holiday in a place where an act is to be performed, or a payment is to be made.
- (c) **“Change of Control”** means the direct or indirect acquisition, whether in a single transaction or a series of transactions, of either:
 - (i) twenty percent (20%) or more of the legal or beneficial ownership of the issued share capital, or
 - (ii) the power to direct or control the exercise of twenty percent (20%) or more of the aggregate voting rights attached to issued shares (whether by virtue of any powers conferred by the constitutional or corporate documents, or any other document, regulating any body corporate, or otherwise),in respect of either the Holder or a Supporting Entity (excluding a Supporting Entity which is a listed company with a market capitalisation of more than one hundred million Euro (€100,000,000)) by any one person, any group of persons acting in concert, any company or other entity who did not have such control at the MAC Commencement Date.
- (d) **“MAC Commencement Date”** means the date identified as the MAC Commencement Date in the Particulars Schedule.
- (e) **“Consent”** means this Maritime Area Consent (MAC) and any part, schedule or appendix to it, as may be amended in accordance with terms hereof and the provisions of the Act.
- (f) **“Consent Area”** means the geographical area identified as the Consent Area in Appendix 1.

- (g) **“Development Permission”** has the meaning ascribed to it in the Act, and, where the context requires, means any development permission granted for the Permitted Maritime Usage.
- (h) **“Encumber”** means the placing of a charge, mortgage, lien or other burden on all or part of the Consent Area to include lodging this Consent with any person, company or other entity as collateral for loans and Encumbrance shall be construed accordingly.
- (i) **“Euro”** means the single currency of participating member states of the European Union or such replacement equivalent currency thereof.
- (j) **“Financial Close”** means the date where funding to achieve build completion / commercial operation of the MAC project is secured and available for drawdown.
- (k) **“Force Majeure”** means an event or circumstance or a combination of events and/or circumstances not within the reasonable control of a party which has the effect of delaying or preventing that party from complying with its obligations under this Consent, the Act, (as amended or substituted), including:
 - (i) acts of terrorists or protesters;
 - (ii) war declared or undeclared, blockade, revolution, riot, insurrection, civil commotion, invasion or armed conflict;
 - (iii) sabotage, acts of vandalism, criminal damage or the threat of such acts;
 - (iv) plague, epidemic, pandemic (excluding COVID-19 or any related strains);
 - (v) extreme weather or environmental conditions including lightning, fire, landslide, accumulation of snow or ice, meteorites or volcanic eruption or other natural disasters, measured by reference to local meteorological records published by Met Éireann over the previous ten years;

- (vi) the occurrence of radioactive or chemical contamination or ionising radiation, explosion including nuclear explosion, pressure waves caused by aircraft or other aerial devices travelling at supersonic speeds and impact by aircraft or other vehicles;
- (vii) any strike or other industrial action which is part of a labour dispute of a national or industry wide character occurring in Ireland;
- (viii) the act or omission of any contractor or supplier of a party, provided that the act or omission was due to an event which would have been an event of Force Majeure had the contractor or supplier been a party to this Consent; and
- (ix) the unavailability of essential infrastructure or services required to comply with obligations pursuant to this Consent, other than due to an act or omission of the Holder;

provided that Force Majeure shall not include:

- a) lack of funds and/or the inability of a party to pay;
 - b) mechanical or electrical breakdown or failure of machinery, plant or other facilities owned or utilised by any party other than as a result of the circumstances identified in sub-clauses (i) to (ix), above; or
 - c) any strike or industrial action not falling within sub-clause (vii) above.
- (l) **“The Grantor”** means the Maritime Area Regulatory Authority, save where the context otherwise requires.
- (m) **“The Insured Risks”** means any or all of the following risks: fire, storm, flood, earthquake, lightning, explosion, riot, civil commotion, labour disturbance and malicious damage or impact of any vehicle, airborne aircraft, vessel or floating object, or anything or part fallen from same and such other risks as the Grantor may in his absolute discretion from time to time reasonably determine.
- (n) **“Law”** means any Act of the Oireachtas, regulation, statutory instrument,

European Community obligation, direction of a regulatory or other competent authority, condition of any consent, authorisation, licence or other permission granted by any regulatory or other competent authority and any decision of a court of competent jurisdiction but does not include this Consent.

- (o) **“Levy”** means the annual sum specified by the Grantor pursuant to condition 7 and payable by the Holder in accordance with the provisions thereof.
- (p) **“Particulars Schedule”** means the Schedule of information on the third and fourth page of this Consent.
- (q) **“Permitted Maritime Usage”** means the maritime usage identified as the Permitted Maritime Usage in the Particulars Schedule together with all reasonably necessary ancillary activities.
- (r) **“Rehabilitation Schedule”** means:
 - (i) the Schedule appended to this Consent in the Appendix identified as such; and/or
 - (ii) the “planning rehabilitation schedule” as prescribed under Section 95 of the Act.
- (s) **“Supporting Entity”** means the entity that has provided and continues to have in place a guarantee in favour of the Grantor guaranteeing the Holder’s financial commitments or obligations under this Consent as specified in the guarantee.
- (t) **“Term”** means the period of time identified in the Particulars Schedule commencing on the MAC Commencement Date, subject to the provisions of this Consent and the Act in respect of termination prior to the expiry of the Term, in which case the Term shall mean the Term up to the date of such determination and expressions such as the last year of the Term shall be construed accordingly.

2. INTERPRETATION

- 2.1 Where two or more persons are included in the expression “the Holder”, such expressions include all or either or any of such persons and the covenants which are expressed to be made by the Holder shall be deemed to be made by or with such persons jointly and severally.
- 2.2 Unless the context otherwise requires:
- (a) words importing a person include a corporate body and vice versa;
 - (b) any reference to the masculine gender includes reference to the feminine gender and any reference to the neuter gender includes the masculine and feminine genders; or
 - (c) any reference to the singular includes reference to the plural.
- 2.3 Any covenant in this Consent by the Holder not to do any act or thing includes an obligation not to permit or suffer such act or thing to be done and to use best endeavours to prevent such act or thing being done by another person.
- 2.4 To the extent that there is a conflict between this Consent and the applicable provisions of the Act, the interpretation of the Act shall prevail.
- 2.5 Any reference to a statute (whether specifically named or not) or to any sections or sub-sections therein includes any amendments or re-enactments thereof for the time being in force and all statutory instruments, orders, notices, regulations, directions, byelaws, certificates, permissions and plans for the time being made, issued or given there-under or deriving validity there-from.
- 2.6 Headings are inserted for convenience only and do not affect the construction or interpretation of this Consent.
- 2.7 Any reference to a condition, clause, sub-clause or schedule means a condition, clause, sub-clause or schedule of this Consent unless expressly stated otherwise.
- 2.8 References to “month” or “months” mean a calendar month or months.

3. GRANT OF CONSENT

- 3.1 This Consent is granted by the Grantor to the Holder pursuant to section 81(1)(a) of the Act.
- 3.2 The rights and entitlements conferred by this Consent shall (subject to condition 4) endure for the Term.
- 3.3 This Consent is subject to both the terms and conditions contained herein and to the provisions of the Act.
- 3.4 This Consent permits the Holder, subject to condition 4 and the conditions otherwise herein contained:
 - (a) To occupy the Consent Area for the purpose of carrying out the Permitted Maritime Usage strictly in accordance with the conditions attached to this Consent and the requirements of the Act; and
- 3.5 To use of the Consent Area on a non-exclusive basis for the purpose of carrying out the Permitted Maritime Usage strictly in accordance with the conditions contained herein and the requirements of the Act, except where use on an exclusive basis is required and provided for under another authorisation or enactment.
- 3.6 This Consent does not confer on the Holder any estate or proprietary interest in the Consent Area or any other part of the maritime area and for the avoidance of doubt the Grantor and/or the State may at any stage during the Term grant maritime area consents, licences and other authorisations of any kind in respect of the Consent Area for any other maritime usages.
- 3.7 This Consent is not a development consent, development permission or planning permission or maritime usage licence and does not operate to relieve the Holder of any legal obligation to obtain development consent, development permission, planning permission or any other consent or authorisation required to carry out any development on the Consent Area or any other part of the maritime area.

Reason: In the interests of clarity.

4. **COMMENCEMENT OF THE RIGHT OF OCCUPATION**

- 4.1 Notwithstanding the MAC Commencement Date and Term, the Holder shall not obtain any right to occupy the Consent Area pursuant to condition 3.4 and shall not commence any works, activities or operations permitted by the Permitted Maritime Usage as provided for under this Consent Area unless and until the Holder has obtained Development Permission for the Permitted Maritime Usage (being Development Permission that is consistent with this Consent as in force from time to time).
- 4.2 In the event Development Permission is being sought in phases relating to parts only of the Consent Area, a right to occupy shall not arise in respect of any part of the Consent Area concerned until the Holder has complied with condition 4.1 in respect of that part.
- 4.3 The provisions of this condition 4 shall not operate to waive or postpone the performance by the Holder under this Consent.

Reason: To provide clarity on the permitted occupation of the Consent Area

5. **DEVELOPMENT PERMISSION**

- 5.1 The Holder shall submit an application for Development Permission relating to the Permitted Maritime Usage the subject of this Consent on or before the date set out in the Particulars Schedule. The application for Development Permission shall have attached to it a Rehabilitation Schedule, within the meaning of Section 95 of the Act.
- 5.2 In the event that Development Permission for the Permitted Maritime Usage is refused, or the required application is not made in accordance with the requirements of condition 5.1, the provisions of section 144 (1)(c)(ii) of the Act shall apply.
- 5.3 In the event that Development Permission for the Permitted Maritime Usage is granted, the following provisions shall apply:

- (a) The Holder shall furnish the Grantor with a copy of the said Development Permission as soon as practicable after it has been granted;
- (b) The Holder shall furnish the Grantor with a copy of the Rehabilitation Schedule as consented to by the Development Permission as soon as practicable after the Development Permission has been granted;
- (c) The Holder shall give the Grantor a copy of any material alteration to the Development Permission as soon as practicable after the alteration has been made; and
- (d) In the event of a conflict between a provision(s) of this Consent and a provision(s) of the Development Permission for the Permitted Maritime Usage, the provision(s) of the Development Permission shall take precedence and section 87(2) of the Act shall apply.

6. COMPLIANCE WITH THE CONSENT AND APPLICABLE LAWS

- 6.1 The Holder shall not use the Consent Area for any purpose other than the Permitted Maritime Usage.
- 6.2 The Holder shall give MARA not less than 14 days advance notice in writing before the commencement of the Permitted Maritime Usage in the Consent Area.
- 6.3 The Holder shall ensure that contractors, and their subcontractors, are made aware of and comply with all conditions in this Consent.

Reason: To ensure the proper management and orderly undertaking of the Permitted Maritime Usage.

7. LEVY

- 7.1 The Holder shall pay to the Grantor the Levy specified by the Grantor within one month of the MAC Commencement Date and on every succeeding anniversary of the MAC Commencement Date for the Term of this Consent.

- 7.2 The Levy is in accordance with the levy framework established by the Grantor pursuant to section 92 of the Act and is subject to review and amendment in accordance with same.
- 7.3 All payments by the Holder in connection with this Consent shall be made in accordance with the written instructions of the Grantor and shall be paid in full, without deduction or set off in respect of any amounts in dispute or any other amounts whatsoever.
- 7.4 If any amount which is payable under this Consent has not been paid on or before the date that payment is due, the Grantor is to be paid interest on the outstanding amount at the rate prescribed in accordance with section 169(2) of the Act or, if no such rate stands subscribed, at the rate of 2 per cent, such interest to be calculated from the date that payment was due until the date of actual repayment.
- 7.5 Without prejudice to all and any other remedies under this Consent, the Act and at Law, the Grantor may institute proceedings for recovery of any sum due and owing by the Holder to the Grantor in accordance with this Consent or the Act as a simple contract debt in any court of competent jurisdiction.
- 7.6 In exceptional circumstances, the Grantor may in its absolute discretion grant a moratorium on the payment of the Levy, subject to such conditions as may be imposed. Such moratorium may operate as a deferral or a waiver of the Levy but unless expressly stated to be a waiver, any such moratorium shall be a deferral only.

Reason: To comply with section 92(1) of the Act and specify details concerning the Levy that shall be paid to the Grantor by the Holder for the occupation of the Consent Area for the purpose of undertaking the Permitted Maritime Usage.

8. FIT AND PROPER PERSON

- 8.1 The Holder shall for the duration of the Term continue to be a fit and proper person within the meaning of Schedule 2 of the Act.

Reason: To ensure compliance with the legislation and proper management of the Consent Area.

9. SECURITY AND FINANCING

- 9.1 The Holder shall not create, extend or permit to subsist any encumbrance or security or interest of any kind over this Consent or otherwise use it as security for any borrowings or other liability whatsoever, without the prior written consent of the Grantor, to be granted or refused at the Grantor's sole discretion, and subject to such terms and conditions as the Grantor may specify.
- 9.2 The Grantor, at its sole discretion, may at the request of the Holder, without any obligation to do so, consider amendments to this Consent, to facilitate the financing of the project.
- 9.3 The Holder shall have achieved Financial Close relating to the Permitted Maritime Usage the subject of this Consent on or before the date set out in the Particulars Schedule. This date may be extended on request in writing by the Holder and provided the Grantor is satisfied that there are reasonable grounds for doing so and the extension does not constitute a material amendment to this Consent.
- 9.4 Without prejudice to any other remedies available pursuant to this Consent and at Law, this Consent shall terminate immediately in the event that Financial Close for the Permitted Maritime Usage is not achieved in accordance with the requirements of condition 9.3.
- 9.5 In the event that Financial Close for the Permitted Maritime Usage is achieved, the following provisions shall apply:
 - (a) The Holder shall furnish the Grantor with evidence of Financial Close as soon as practicable after it has been achieved.
 - (b) The Holder shall give the Grantor a copy of any material alteration to the funding arrangements as soon as practicable after the alteration has been

made, the provisions of condition 10 and of the Act shall apply.

Reason: To ensure the Grant of this Consent is personal to the Holder that has been deemed a fit and proper person pursuant to the criteria set out in Schedule 2 of the Act.

10. **CHANGE IN CIRCUMSTANCES**

10.1 The Holder shall provide the Grantor with notice in writing of any material change of circumstances within the meaning of Section 136 of the Act.

Reason: To ensure the Grantor is informed of any material change in circumstances within the meaning of Section 136 of the Act.

11. **INDEMNITY**

11.1 The Holder shall keep the Grantor, the State, and their officers, servants, visitors, agents and employees fully indemnified from and against all or any actions, proceedings, claims, demands, losses, costs, fees, expenses, damages, penalties and other liabilities:

- (a) arising directly or indirectly from the undertaking of the Permitted Maritime Usage the subject of this Consent; and
- (b) arising directly or indirectly from a failure by the Holder to comply with:
 - (i) any of the provisions of this Consent;
 - (ii) any provision of the Act relevant to this Consent; or
 - (iii) a provision of one or more than one condition attached, or deemed to be attached, to this Consent.

11.2 Without prejudice to the generality of the foregoing, the Holder shall make good all loss sustained by the Grantor in consequence of any breach by the Holder of any covenants or conditions herein.

11.3 The Holder warrants to the Grantor that it has made due enquires and is satisfied that there are no third party interests in the Consent Area and the

Holder shall keep the Grantor, the State and their officers, servants, visitors, agents and employees fully indemnified from and against all or any actions proceedings, claims, demands, losses, costs, fees, expenses, damages, penalties and other liabilities arising directly or indirectly from the undertaking by the Holder (including its employees, contractors, subcontractors, servants, visitors, consultants, representatives and/or agents) of the Permitted Maritime Usage the subject of this Consent in the Consent Area.

- 11.4 In the event of any third party asserting rights having priority over the rights granted by way of this Consent, such claim shall not relieve the Holder of its responsibility under any other covenant or condition in this Consent (including as to reinstatement or remedial works) unless and to the extent that the third party rights prevented compliance with it (in which case provision could be made for a financial compensation in lieu of performance of the covenant or permission). While MARA may disclose any information it holds of any adverse claims to the Holder (subject to appropriate confidentiality obligations), given the extent of property owned by the State and the many Departments, branches and agencies of government, there is no warranty that no other Department, branch or agency of government does not hold relevant information and that any risk of loss or damage attributable to any undisclosed information shall not, in the absence of fraud or dishonesty, afford any cause of action against, or impair the forementioned indemnity in favour of, MARA and the State.

Reason: For the necessary protection of the Grantor in light of possible risks arising from the Permitted Maritime Usage.

12. **INSURANCE**

- 12.1 Without prejudice to the Holder's liability to indemnify the Grantor which shall be unlimited (and others as specified in condition 11), the Holder shall, prior to the commencement of occupation of the Consent Area:

- (a) insure and keep insured, in an insurance office licensed to operate in the State or which has received authorisation to operate in the State in accordance with Article 14 of Directive 2009/138/EC in the joint names of the Grantor and the Holder in the full reinstatement cost thereof or in the sum not less than the estimated maximum loss amount as determined by a suitably qualified and experienced independent consultant (to be approved from time to time by the Grantor or its surveyor and including an inflationary factor) the Consent Area and all structures and chattels thereon and the fixtures and fittings therein (if any) against loss or damage by the Insured Risks, including demolition and site clearance expenses, architects' and other fees and taxes in relation to the reinstatement of the Consent Area, and where available on the market such policy to include a non-invalidation clause acceptable to the Grantor (such joint policy or policies, if required, to contain a non-vitiation clause whereby subject to the terms, conditions, limitations of the policy or policies, any non-disclosure, mistake or misrepresentation of a material fact by the Holder gives sufficient reason for the insurer to prove the insurance policy to be void, the Grantor will not be denied the protection of the policy);
- (b) effect and keep in force a public liability insurance policy of indemnity in the name of the Grantor and Holder in an insurance office licensed to operate in the State with a limit of €6,500,000 (six million and five hundred thousand Euro) (or such increased amount as the Grantor may from time to time reasonably determine) in respect of any one claim or a series of claims arising out of a single occurrence (except for pollution and products liability cover which may be on an annual aggregate basis if unavailable on a single occurrence basis) for any damage, loss or injury which the Grantor or Holder may be legally liable for which may occur to any property (not being the property of the Grantor or the Holder) or to any person by or arising out of the Permitted Maritime Usage and exercise of the rights granted in this Consent;
- (c) effect and keep in force an employer's liability insurance policy of indemnity in the name of the Holder in an insurance office licensed to operate in the State with a limit of €13,000,000 (thirteen million Euro) for any one claim or

a series of claims arising out of a single occurrence. This policy should include an indemnity to principles clause with a specific indemnity to the Grantor;

- (d) in the event that the Consent Area or any part thereof, shall be damaged by any of the Insured Risks, then and as often as shall happen, apply all monies received in respect of such insurance as aforesaid as soon as practicable in or upon reinstating the Consent Area in a good and substantial manner and in the event that such monies shall be insufficient for the said purpose, to make good the deficiency;
- (e) whenever required to do so by the Grantor, produce to the Grantor for inspection evidence of insurances, including certificates together with evidence of renewal of the said policy or policies together with evidence of waiver of subrogation rights against the Grantor by the Holder's insurers, and to comply with all conditions pertaining to any such policy or policies;
- (f) not do or omit to do anything which might cause any policy of insurance (if required) relating to the Consent Area or any other part of the maritime area affected by the Permitted Maritime Usage to become void or voidable, wholly or in part, nor (unless the Holder has previously notified the Grantor and the Holder has agreed to pay the increased premium) to do anything whereby any abnormal or loaded premium may become payable;
- (g) as soon as reasonably practicable notify the Grantor in writing of the making of any claim under any policy of insurance which is required to be held in connection with this Consent and to provide the Grantor with all information in relation to any such claim; and
- (h) ensure that any contractors, servants or agents of the Holder engaged in connection with activities in the Consent Area or otherwise in connection with this Consent have appropriate insurance and that evidence of such insurance policies shall be provided to the Grantor, if requested, as soon as is reasonably practicable.

12.2 Where the Grantor deems that the limit of the public liability insurance policy in condition 12.1(b) should be increased having regard to changes in

circumstances (including but not limited to inflation, increased costs and changes in the value of money) then the Grantor may notify the Holder of the required increase, and the Holder shall increase the relevant policy limit within 90 Business Days of the receipt of such notification subject to any extension as may be permitted by the Grantor following a written request by the Holder.

Reason: To mitigate against risk to the Grantor and the State in the event of insolvency or incapacity on the part of the Holder where insurable.

13. INSPECTION AND INVESTIGATIONS

13.1 The Grantor may conduct or cause to be conducted such investigations, inspections and enquiries in connection with this Consent as it sees fit including requiring the submission of electronic and/or paper records to the Grantor for the purposes of inspection (including periodic inspections).

13.2 Without prejudice to the generality of condition 13.1, and to all other rights of the Grantor to enter upon the Consent Area, the Grantor shall have the right to:

- (a) enter the Consent Area for the purposes of enabling the Grantor to carry out inspections (including periodic inspections) for the purposes of ascertaining whether or not there has been a contravention of a provision of this Consent, the Act, or one or more conditions attached or deemed to be attached to this Consent; or
- (b) enter the Consent Area if the Grantor has reason to believe that the Holder has contravened:
 - (i) a provision of this Consent;
 - (ii) a provision of the Act; or
 - (iii) a provision of one or more conditions attached, or deemed to be attached, to this Consent.

13.3 The Holder shall cooperate and assist the Grantor in the Grantor's performance of its functions under and in relation to this Consent and the Act.

13.4 The Holder acknowledges and agrees that, unless the contrary intention is expressed, any investigation, inspection or enquiry undertaken pursuant to this Consent is without prejudice to the Holder's rights and obligations under this Consent, the Act or at Law and no failure or delay in taking any action arising from such investigation, inspection or enquiry shall amount to a waiver of any such rights or relieve the Holder from any such obligations; and does not amount to an acknowledgement by the Grantor, or any officer, servant or agent of the Grantor, that the Holder has complied with or is in compliance with this Consent, the Act or Law in relation to any matters to which the investigation, inspection or enquiry relates.

Reason: To ensure the Grantor can evaluate the compliance of the Holder with its obligations under this Consent and the Act.

14. **REHABILITATION**

14.1 The Holder shall before the expiration of this Consent, rehabilitate the Consent Area, and any other part of the maritime area, adversely affected by the Permitted Maritime Usage in accordance with the requirements of the Rehabilitation Schedule and the meaning of Section 95 of the Act.

14.2 This obligation does not relieve the Holder from any obligation to apply for or obtain any other authorisations (whether the authorisation takes the form of the grant of a licence, consent, approval or any other authorisation) required under the Act or any other enactment in order to enable the Holder to discharge that obligation.

14.3 The Holder shall comply with any notice given by the Grantor pursuant to Section 97 of the Act requiring the Holder to make an application within the period set out in the notice for Development Permission or any other consent required to amend or replace the Rehabilitation Schedule to take account of the matters set out in the notice.

14.4 Notwithstanding termination or revocation of this Consent pursuant to this Consent or the Act, the Holder must continue to comply with the obligations

under this condition 14 and Section 96 of the Act to the extent as agreed by the Grantor in all the circumstances of the case.

Reason: To ensure the Consent Area is rehabilitated in an appropriate and acceptable manner in accordance with the Act and this Consent and all applicable Development Permissions.

15. REHABILITATION FINANCIAL PROVISION

15.1 The provisions of this condition **Error! Reference source not found.** are subject to the requirements of any Development Permission authorising the Permitted Maritime Usage and section 87 of the Act shall apply to any irreconciliation arising.

15.2 Not later than 5 years before the expiration of this consent or such earlier date as the Grantor shall in its sole discretion determine, the Holder shall establish an account with an account bank nominated by the Holder and approved by the Grantor (the “Secured Account”) into which certain payments are made in such amounts as required by the Grantor based on its assessment of the rehabilitation costs attributable to the Consent Area.

The Secured Account will be subject to:

- (a) a first ranking charge in favour of the Grantor;
- (b) any other security required by the Grantor; and
- (c) will contain funds sufficient to:
 - (i) Ensure the proper performance of the Holder’s obligations pursuant to condition 14 and Chapter 8 of Part 4 of the Act in relation to the rehabilitation of the Consent Area and if necessary, any other part of the maritime area adversely affected by the Permitted Maritime Usage, as may be determined by, and to the satisfaction of, the Grantor; and
 - (ii) Cover any other liabilities which may be incurred in relation to any rehabilitation whether pursuant to this Consent or otherwise.

15.3 The following provisions apply to determining the amount of the funds to be deposited in the Secured Account:

- (a) The amount of the funds required must at all times be acceptable to the Grantor;
 - (b) The Holder shall make and complete such deposits to the Secured Account in euro (€) as are required to ensure that, at any given time, there is standing to the credit of the Secured Account (in cleared funds) an amount equal to, or greater than, the amount (if any) as determined by the Grantor based on its assessment of the rehabilitation costs attributable to the Consent Area. The amount will be agreed by the Grantor having regard to the estimated costs of rehabilitation from time to time; and
 - (c) The estimated costs of rehabilitating the relevant parts of the Consent Area and if necessary, any other part of the maritime area, adversely affected by the Permitted Maritime Usage and any other liabilities which the Grantor reasonably considers may be incurred by the Holder of this Consent or otherwise.
- 15.4 The right to demand under a rehabilitation financial provision is without prejudice to any other remedies available to the Grantor under this Consent or at Law.
- 15.5 The Holder shall deliver a certificate of completion of rehabilitation by an appropriate expert that confirms that rehabilitation has been completed in accordance with the Rehabilitation Schedule. Following receipt of this certificate the Grantor may carry out an inspection to determine if rehabilitation has been completed in accordance with the Rehabilitation Schedule. When the Grantor is satisfied that rehabilitation has been completed in accordance with the Rehabilitation Schedule, the Grantor shall execute a deed of release of its security over the Secured Account.

Reason: To mitigate the risk of the Holder not being in the position to discharge their duties with regard to Rehabilitation.

16. CHANGE OF CONTROL

16.1 A Change of Control shall constitute a material breach of this Consent unless the provisions in condition 16.2 are complied with by the Holder and consent in writing is given by the Grantor.

16.2 In the event of a prospective Change of Control, the Holder shall, prior to any Change of Control becoming effective, make an application to the Grantor for consent in writing to the Change of Control and the provisions of Section 85 of the Act with all necessary modifications shall apply to the process of seeking and granting such consent as if the Holder as controlled after the prospective Change of Control was the 'proposed assignee' as provided for therein.

Reason: To provide clarity on the procedure to be followed in the event of a change of control occurring.

17. JOINT AND SEVERAL OBLIGATIONS

17.1 Save where otherwise specified, any obligations of the Holder under this Consent are joint and several obligations.

Reason: To clarify that where there is more than one Holder that obligations under the MAC are joint and several.

18. FORCE MAJEURE

18.1 Except as otherwise provided by this Consent, where any party or parties are rendered wholly or partially incapable of performing all or any of their obligations under this Consent, the Act, or the Planning and Development Act 2000, (as amended or substituted), by reason of Force Majeure:

- (a) as soon as is reasonably practicable, the party affected by Force Majeure shall notify the other party, identifying the nature of the event, its expected duration and the particular obligations affected and shall furnish reports at

such intervals reasonably requested by the other party during the period of Force Majeure;

- (b) this Consent shall remain in effect but that party's obligations, except for an obligation to make payment of money, and the corresponding obligations of the other party, shall be suspended, provided that the suspension shall be of no greater scope and no longer duration than is required by the Force Majeure;
- (c) subject to full compliance with this condition 18, during suspension of any obligation pursuant to sub clause (b), the relevant party or parties shall not be treated as being in breach of that obligation;
- (d) the party affected by the Force Majeure shall use all reasonable efforts to remedy its inability to perform all or any of its obligations under this Consent by reason of Force Majeure and to resume full performance of its obligations under this Consent as soon as is reasonably practicable;
- (e) as soon as is reasonably practicable after notification of the Force Majeure, each party shall use all reasonable endeavours to consult with the other party as to how best to give effect to their obligations under this Consent so far as is reasonably practicable during the period of the Force Majeure;
- (f) upon cessation of a party's inability to perform all or any of its obligations under this Consent by reason of Force Majeure, that party shall notify the other party; and
- (g) insofar as is possible, any party affected by an event of Force Majeure shall do all things reasonably practicable to mitigate the consequences of the Force Majeure.

18.2 Condition 18.1(d) above shall not require the settlement of any strike, walk-out, lock-out or other labour dispute on terms which, in the sole judgement of the party involved in the dispute, are contrary to its interests.

Reason: To clarify the events that excuse the non-performance of obligations in this Consent.

19. EXERCISE OF RIGHTS

19.1 The Holder shall exercise this Consent in such a manner as not to cause damage or injury to the Consent Area (save for incidental damage caused in the completion of works in substantial compliance with the Development Permission), the Grantor, the occupants of the Consent Area and any other part of the maritime area affected by the Permitted Maritime Usage and to forthwith from time to time with due diligence repair and make compensation for any such damage or injury that may be so caused.

Reason: To clarify the manners in which the rights granted under the Consent shall be exercised by the Holder.

20. RELATIONSHIP OF THE PARTIES

- 20.1 Nothing in this Consent may be interpreted or construed as creating any landlord and tenant relationship, any tenancy in or right to possession of or any right of easement over or in respect of the Consent Area or any other part of the maritime area affected by the Permitted Maritime Usage, or any agency, association, joint venture or partnership between the Grantor and the Holder.
- 20.2 Except as is expressly provided for in this Consent, nothing in this Consent grants any right, power or authority to any party to enter into any agreement or undertaking for, act on behalf of or otherwise bind any other party.
- 20.3 It is hereby certified for the purposes of Section 238 of the Companies Act 2014, as amended, that the Grantor is not a director, or a person connected with a director of the Holder.

Reason: To clarify the legal relationship of the Grantor and Holder.

21. SEVERANCE

- 21.1 If any provision of this Consent is or becomes or is declared invalid, unenforceable or illegal by the courts of Ireland or by order of the relevant

body of the European Union, that provision shall be severed, and the remainder of this Consent shall remain in full force and effect.

21.2 The Holder shall comply with this Consent, as amended.

Reason: To clarify the impact of any condition of this Consent being declared invalid, unenforceable or illegal by the Courts in Ireland and to ensure the remainder of the conditions in this Consent remain in full force and effect.

22. **GOVERNING LAW AND JURISDICTION**

22.1 This Consent and all other documents relating to it shall be governed by and construed only in accordance with the laws of Ireland.

22.2 The Holder hereby submits irrevocably to the exclusive jurisdiction of the courts of Ireland in respect of any dispute arising out of or in connection with this Consent.

22.3 This condition is for the benefit of the Grantor only. The Grantor shall not be prevented from taking proceedings against the Holder in any other courts with jurisdiction. To the extent allowed by law, the Grantor may take concurrent proceedings in any number of jurisdictions.

Reason: To clarify the Holder must submit to the exclusive jurisdiction of the Irish courts in respect of any dispute and the provisions of this Consent shall be construed in accordance with the laws of Ireland.

APPENDIX 1

THE CONSENT AREA

The Consent Area is the part of the maritime area as shown for identification purposes on the attached map titled “Maritime Area Consent Map MAC20230024” surrounded by a red line (Map reference drawing number MAC20230024-001).

Provided that the Consent Area shall not include any part of the maritime area that is privately-owned.

1 INTRODUCTION

This plan had updated in response to a request for additional information dated 14th May 2026 of the MAC application. The rehabilitation plan includes the following key elements:

- Project Description
- Design
- Maintenance Schedule

In accordance with Section 96 of the MAP Act 2021, as amended, the obligation on the holder of a MAC to rehabilitate part of the maritime area may include one, or more than one, of the following:

- (a) The decommissioning of infrastructure;
- (b) The removal of infrastructure;
- (c) The partial removal of infrastructure;
- (d) The reuse of infrastructure for the same or another purpose;
- (e) The burying or encasing of infrastructure; and
- (f) The removal of any deposited or waste material.

At this stage, it is envisaged that the infrastructure for Foynes Island Deepwater Development Project (FIDD) will be reused for a similar purpose and therefore for the purposes of this rehabilitation plan has been considered under Section 96 of the MAP Act 2021 Category (d).

2 PROJECT DESCRIPTION

Foynes Island Deepwater Development is located within the Shannon Estuary on the southwestern side of Foynes Island. The proposed development of a 700m berthing structure, link road and bridge connection to the existing Port is required to provide critical port infrastructure and enhanced vessel berthing, and, to facilitate the development of a marshalling port necessary for the development of, and access to offshore renewable energy sources. The development also includes approximately 45,000m³ of dredging to the northeastern corner and demolition of the existing oil jetty, dolphins and associated quay furniture. The total area of the proposed Deepwater development footprint when constructed is approximately 23.2 hectares. This includes an area of terrestrial excavations extending to approximately 6.5 hectares.

2.1 Proposed Works within the Maritime Area

The works within the maritime area will include:

- **New deep-water berthing quay on Foynes Island**

A 700m long by 60m wide deepwater berthing quay, approximately 400m of berthing face will be used to accommodate offshore wind assembly and the remaining 300 m will be used to accommodate a Lo-Lo Cargo Container Terminal as well as General Cargo Operations.

The deep-water berthing quay is approximately 4.2 hectares together with the reclamation of approximately 12.5 hectares of foreshore as a hard-standing area, half of which will be utilised as an Offshore Renewable Energy Facility and the other half will be utilised as a Container Terminal and General Cargo Operations. Administration, maintenance buildings and connections to services and existing power will also be provided. The scale of works is required to allow for future advances in turbine size.

During the operational phase both the 700m (4.2 hectares) berthing quay and part of the hard-standing area (12.5 hectares) will occupy the Maritime Area.

- **New road bridge linking Foynes Island to the mainland**

A 0.65km long, 14.8 m wide bridge structure will link Foynes Island to the existing Port of Foynes on the mainland. The bridge works will cover a total area of approx. 1.38 hectares, approximately 0.96 hectares of which is within the maritime area.

During the operational phase the bridge structure will occupy 0.96 hectares of the Maritime Area.

- **Dredging in the Northeast Corner**

Capital Dredging in an area to the northeast of the new deepwater development to a minimum depth of -17mCD. It is envisaged the dredge volume will be approximately 45,000 cubic metres.

During the operational phase dredge area will occupy approx. 1.5 hectares of the Maritime Area.

- **Temporary Works Area required during Construction**

An area of 15 hectares will be required to facilitate the construction of the works.

In total approximately 19.14 hectares of the proposed development is located within the Maritime Area when Operational & a total Maritime area of 34.14 hectares will be occupied during the Construction Phase.

2.2 Proposed Demolition Works within the Maritime Area

Demolition of the existing oil jetty

The existing 222m long Oil Jetty, Dolphin structures and associated quay furniture which are located within the footprint of the proposed deep-water berthing quay, covering an area of approx. 0.65 hectares, will be demolished.

At this stage it is envisaged that these structures will be demolished using marine based plant. All piles will either be cut down to seabed level or completely extracted depending on their location. Materials will be removed, disposed and/or reused in accordance with statutory obligations. No further rehabilitation works will be required in respect of this structure given that it will be removed as part of the proposed development.

3 DESIGN

The Design Basis Statement for Foynes Island Deepwater Development requires the structure to be designed for a design life of 100 years and the design must comply with the following codes:

- EN 1990 Eurocode 0: Basis of Structural Design
- EN 1991 Eurocode 1: Actions on Structures
- EN 1992 Eurocode 2: Design of Concrete Structures
- EN 1993 Eurocode 3: Design of Steel Structures
- EN 1994 Eurocode 4: Design of Composite Steel and Concrete Structures
- EN 1995 Eurocode 7: Geotechnical Design
- BS 6349 – Part 1 – Code of Practice for General Criteria

There are no plans proposed for the decommissioning of the permanent marine elements of the FIDD Project given the nature of the development which is considered as 'permanent works', with a 100-year design life.

4 MAINTENANCE PLAN

During the operational period, it is envisaged that half of the structure will be operated as a Container Terminal, with general cargo operations and the other half will be operated as an Offshore Renewable Energy Hub. From the outset the Contract Specification for the proposed development will require the Contractor to provide the following documentation before the works are deemed complete.

- Operation and Maintenance Manuals for all specified elements of the Works
- Test Certificates for all specified elements of the Works
- As Built Drawings including Reinforced Concrete Schedules
- A Safety File, including all information related to the Design, as built drawings, surveys etc

The Operator will be required to maintain the structure in accordance with Operation & Maintenance manuals and the following maintenance Schedule.

4.1 Maintenance Schedule

Element	Maintenance Requirements
Steel Structural Elements	Steelwork will be protected against corrosion for the 100 year service life. The Contract will ensure that any protective treatment provides high durability for a minimum life to first major maintenance of 15 years under the required exposure classifications. Annual visual inspection will be undertaken throughout the lifetime of the project and repairs undertaken where deemed necessary.
Cathodic Protection System	A cathodic protection system will be installed on the steel elements of the structure. The period to first major maintenance will be 15 years and the system will be surveyed every 3-5 years thereafter and upgraded as necessary.
Concrete Elements	Concrete will be designed for 100year service life. Regular visual inspections will be undertaken throughout the lifetime of the project and repair works will be undertaken where deemed necessary. The frequency of the inspections will be informed by the design.
Berth Pocket	Bathymetric survey shall be undertaken to survey berth pocket depths as required.
Drainage	Surface water drainage system will be inspected on a regular basis. The system will be operated and maintained in accordance with the Operation & Maintenance manuals which will be made available by SFPC.
Mechanical & Electrical Works	Mechanical & Electrical elements will be inspected on a regular basis. The system will be operated and maintained in accordance with the Operation & Maintenance manuals which will be made available by SFPC.
Fenders Units & Elements	The steel elements period to first major maintenance shall be 25 years. Maintenance of all other elements will be in accordance with the suppliers' requirements.

Operation & Maintenance Plan	Operation & Maintenance manuals will be provided for all specified elements of the works. The Operator will be required to operate and maintain the structure in accordance with these manuals.
------------------------------	---

The maintenance plan will be developed and updated throughout the operational phase to ensure the structure is adequately maintained as it is envisaged that the infrastructure will be reused for a similar purpose. This rehabilitation schedule will also be updated throughout the lifecycle of the project to include an as-built description of the development upon completion.

5 FUTURE PROVISION

SFPC recognise, that should development permission be granted, this Rehabilitation Schedule will form a commitment on the Applicant. It is anticipated that the Rehabilitation Schedule will need to be updated throughout the lifecycle of the FIDD Project to reflect changes to regulatory requirements and to incorporate any improvements in knowledge and understanding of the rehabilitation process and impacts on the marine environment. In this instance, the Applicant will apply for the necessary permission to amend the Rehabilitation Schedule.

ADDENDUM 1

This addendum is included to provide additional information requested by MARA in their letter dated 14th May 2026.

PROPOSED PROGRAMME OF REHABILITATION

It is envisaged that the proposed development will be operational for at least the next 100 years. Therefore, the rehabilitation schedule has been developed on the basis that the works **may** be decommissioned in 2126 (100 years from the date of the expected grant of a MAC).

Query	Response
(a) The proposed programme of rehabilitation (b) the proposed date, or the occurrence of the event, on which the programme will start to be implemented and (if no ongoing maintenance is required by the programme) the proposed date on which the programme will have been fully implemented	The proposed date, or the occurrence of the event, on which the construction programme will start to be implemented is 2028 and it is envisaged the works will be completed by 2035. It is envisaged that the works will be maintained in accordance with the Maintenance schedule provided in Section 4 of this report. As described in the MAC application this is a Strategic Infrastructure Development of Significant National Importance, as such it is highly unlikely that this development will be decommissioned. Instead, the development will likely be maintained or upgraded to operate beyond its current design life of 100 years. However, in the event that, this development does need to be decommissioned at the end of the proposed MAC of 100 years (ie 2126) it is envisaged that the maritime area could be rehabilitated in a period of circa 3-5 years subject to detailed design. In this scenario SFPC would engage with the consenting process to rehabilitate the site circa 5 years before the end of a 100 year MAC (circa 2121). SFPC acknowledge that should the development permission be granted there will be an expiry date on the MAC. Therefore SFPC will re-engage with MARA to obtain the required permission's in advance of the expiry date.
(c) The estimated cost of the programme	The estimated cost of any rehabilitation works should they be required will be subject to future detailed design and inflation rates and could be circa €25m.
(d) Expected timelines for applying for and obtaining the other authorisations referred to in subsection (3) required in order to enable the applicant to discharge that obligation	The expected timelines for applying and obtaining the authorisations referred to in subsection (3) and required in order to enable the applicant to discharge that obligation are as follows: • Planning application submission date Jan 2027. • Apply for an extension to MAC timeline at least 24months prior to the expiry date if required. • Other discharge applications required to rehabilitate the area if required will be submitted circa 2121 prior to decommissioning In 2126.

REPORT

Task	Start Date	Completion Date
Proposed Construction Dates	2028	2035
Maintenance Period	Refer to Section 4 above for maintenance periods.	
Ongoing MAC commitments	Engage with MARA and apply for an extension to MAC timeline at least 24months prior to the expiry date if required.	
Discharging Statutory Obligations	2121	2126
Rehabilitation/decommissioning Period (if Required)	2121	2126

EXECUTION OF THE MARITIME AREA CONSENT

This Maritime Area Consent is executed by Laura Brien on behalf of the Grantor who has been authorised to grant this Maritime Area Consent pursuant to Section 81(1)(a) of the Act.

Signed: 

Date: 20 July 2026

Laura Brien
Chief Executive Officer
Maritime Area Regulatory Authority
