Maritime Usage Licensing Team

MARA,

Drinagh,

Wexford

13/11/2025

MUL230015 – Uisce Eireann – Strategic modelling study of water currents, Cork coast

To whom it may concern,

Irish Lights has no objection to the granting of this licence from a safety of navigation perspective.

Any surface marking buoys required to mark ADCPs should follow the IALA maritime buoyage system. Any such IALA Special Mark buoys will require a Statutory Consent from Irish Lights under the Merchant Shipping Act.

Any Appropriate Assessment activity conducted as part of this MUL licensing process should include the impact of the deployment of surface marking buoys and associated moorings, which may be required as part of the project.

If you have any queries, please do not hesitate to contact myself or a member of the team.

Yours sincerely,

John Dawson
Navigation Services Manager
