

Dear MARA Team,

Please find below Dún Laoghaire Harbour's submission in relation to the ongoing MUL consultation for Codling Wind Park request;

Dún Laoghaire Harbour Limits: The attached chart outlines the official limits of Dún Laoghaire Harbour.

Fairway to DP Anchorage: During ships tendering process , ships tenders and escort boats will be travelling to Quadrant No. 3 (Dublin Port Anchorage - 53° 18.80' North 06° 04.90' West) approx. 2nm from Berthing pontoon or 1.3nm NE Dun Laoghaire Harbour mouth. It falls under the jurisdiction of Dublin Port and is managed by VTS Dublin on VHF Channel 12. Please find attached.

We respectfully request that any proposed survey activity within the Dún Laoghaire Harbour limits or along the fairway/approach to the harbour be coordinated in advance with the Dún Laoghaire Harbour Master. This is to ensure navigational safety and operational oversight within the port's jurisdiction.

Please do not hesitate to contact us should you require further clarification.

Laura Jackson

Assistant Harbour Master
