

# MI Observations MUL240010- Eirgrid Powering Up Dublin Programme

FEAS – Marine Institute – Version 1 – 22/10/2025

## Summary

The Seafood Climate Unit of DAFM requested MI observations on possible impacts that Marine Usage Licence ref: MUL240010 might have on the seafood sector, i.e. fish stocks, fisheries, aquaculture, or the environments on which they rely. The application submitted by EirGrid proposes site investigation works to inform the engineering design and environmental assessments of a subsea electrical cable crossing Dublin Bay, from Blackrock Park to Shellybanks.

Having reviewed all of the MUL application documents, FEAS agrees with section 8.3 of the [AIMU report](#) that *“Taking into consideration the limited nature, scale, size, and duration of the SI works, there will be a negligible impact on Fisheries and no impact on Aquaculture as a result of the SI works.”*
