Maritime Usage Licensing Team

MARA,

Drinagh,

Wexford

09/12/2025

**MUL240011 – Bremore Port – Geotechnical survey**

To whom it may concern,

Irish Lights has no objection to the granting of this licence from a safety of navigation perspective.

Before any marine aid to navigation, such as a floating LiDAR buoy, Waverider buoy or buoy marking an ADCP is established, the licensee will require a Statutory Consent from Irish Lights under the Merchant Shipping Act.

Any Appropriate Assessment activity conducted as part of this MUL licensing process should include the impact of the deployment of surface marking buoys and associated moorings, which may be required as part of the project.

If you have any queries, please do not hesitate to contact myself or a member of the team.

Yours sincerely,

**John Dawson**  
**Navigation Services Manager**  
**Navigation, Maritime & Consenting**
