Sea Fisheries Protection Officer Observations
<p>1. <i>Possible impacts, if any, on existing wild fisheries in the area, with an emphasis on the possible implications for the SFPA conducting official controls and possible non-compliance issues that could arise.</i></p> <p><i>Lobster and crab pot fishing take place in deeper water adjacent to the proposed harvesting sites. There are no foreseen implications for SFPA conducting its official controls from this development.</i></p>
<p>2. <i>Impacts, if any, on shellfish growing areas adjacent to or within the area and the possible impact on the ability of the SFPA to conduct official controls and possible non-compliance issues that could arise.</i></p> <p><i>There are no licensed aquaculture sites within the proposed developments boundaries. Some commercial hand gathering of winkles may take place upon the general foreshore area overlapping this development. There are no foreseen implications for SFPA conducting its official controls from this development.</i></p>

3. *Possible impacts, if any, on seafood safety.*

There are no foreseen impacts on food safety from the above development.
