

PUBLIC NOTICE

The Maritime Area Planning Act 2021 and the European Communities (Birds and Natural Habitats) Regulations 2011

Shannon Foynes applied to the Maritime Area Regulatory Authority (“MARA”) for a maritime usage licence (reference no. LIC230014MA) under section 117 of the Maritime Area Planning Act 2021 (“the MAP Act”) to amend LIC230014 to include additional Marine Site Investigation works in two extra areas to those licenced in MUL (LIC230014), resulting in an increase in the footprint of the licensed works. It is intended to perform both geophysical and geotechnical marine-based site investigations and grab samples to inform the option appraisal and design of the deepwater quay and improved mooring facilities at the existing Foynes Yacht Club, south of Foynes Island as part of possible community gain for the main project. On 07/10/2026, MARA determined to grant the licence, subject to conditions.

In connection with the above licence application and following a public consultation under section 117(6)(b) of the MAP Act, MARA carried out an appropriate assessment of the proposed maritime usage. On the 26/06/2026, MARA determined that the proposed maritime usage (either individually or in combination with any other plans or projects) would not adversely affect the integrity of any European Sites¹, in view of the European Sites’ conservation objectives, subject to the implementation of mitigation measures.

The appropriate assessment report and the appropriate assessment determination are available on the MARA website.

Judicial review of the appropriate assessment determination

The validity of the appropriate assessment determination may be questioned by judicial review under order 84 of the Superior Courts Rules (S.I.
