Good morning,

Please see attached information in response to a Request for Additional Information (RAI) on 2nd June 2026.

The following documents are enclosed:

1. Addendum to SISAA (file name: SISAA Addendum MUL LIC230007 D3)
2. Addendum to NIS (file name: NIS Addendum MUL LIC230007 D4)
3. Addendum to Annex IV Risk Assessment (file name: Annex IV Risk Assessment MUL LIC230007 D3)
4. GIS Data (in alignment with High Water Mark as defined by Chief Boundary Surveyor) (file name: MACMULLIC230007, MACMULLIC230007_Combined)
5. Updated Maps (in alignment with High Water Mark as defined by Chief Boundary Surveyor) (file names: SM-2026-0289-002, SM-2026-0289-001)

The RAI document also requested an update of the timing for the proposed material amendment. The works are proposed as part of the same campaign described by the original documents for MUL LIC230007. Dates are not yet decided for these works as further clarification is required on the level of accuracy and confidence associated with the location of a GNI gas main in the works area.

If you have any queries, please do not hesitate to contact me.

Regards,
Alana Oakes

Hi Paula,

Thank you for your email (dated 02/06/2026) sent to Colm O'Ceilleachair regarding the 'Request for Additional Information: Section 117(3) of the Maritime Area Planning Act 2021'.

Considering the requirements of the request for additional information, Dublin City Council (DCC) would like to request an extension of 3 months from the submission date of 14/07/2026 to a new submission date of 06/10/2026.

I trust this request for an extension is something that can be granted to allow DCC sufficient time to get the additional information to MARA.

Your assistance in this matter is greatly appreciated.

Kind regards,
Alana Oakes
