The Marine Institute has reviewed this application and the associated documentation. The view of the MI is that conclusion of the AA screening report\* is extremely precautionary. Notwithstanding, it is the view of the MI that the information contained in the NIS (supplied on behalf of the applicant) and other documentation is of sufficient detail from which to draw a conclusion regarding the site investigation licence. The Marine Institute has no objection to this site investigation licence being issued.

Sincerely  
Francis O'Beirn
