To whom it may concern,

My name is [redacted]

Lahinch and Cregg are my local beaches. I would like to express my concern at your proposal to survey Liscannor Bay for a proposed sewage outfall pipe that would come ashore at Cregg beach. The idea of boreholes and sampling in the seabed, not to mention trial pits dug by excavators on Cregg beach horrifies and disgusts me.

Have you not researched how vital this area is to our local community?! We swim, surf and fish there. We have been frequenting this beach for many generations.

Our community action group have put forward more viable alternatives, which will not destroy our local environment. We feel very passionately about this issue. We want a solution, but not at the cost of destroying an essential, local amenity.

We want the following : RIGHT PLANT. RIGHT PROCESS. RIGHT PLACE.

Yours sincerely,
