Hi,

I wanted to make comment on the proposed works for the Sewage outfall pipe at Cregg MUL260006. I'm a former county councillor for the area. I've surfed my whole life, I'm a lifeguard. I also have a degree in Earth and Ocean Science.

A wastewater plant is badly needed in the area for so many reasons. I wanted to highlight that the areas surrounding Cregg and Barrtra are some of the busiest surfing locations in the whole country. That any works taking place need to ensure that nothing is done to damage or disrupt surfing in this location.

Here is a video I took this year of a surfing competition happening at Cregg in March:

https://www.instagram.com/reel/DWOHi7BoZyh/?psln=MWtheWE4eTE4ZjlyMw==

Here is a video of people surfing at Barrtra from 12 years ago

Any works in Liscannor Bay really need to set out how it will not affect the surfing community negatively. That the works will not damage or disrupt surfing in the area. Surfing is a big part of Lahinch as a sport and part of the economy. Please don't damage it! When it comes to the ocean unintended consequences need to be examined extensively.

Thanks
