Request for Additional Information: Section 117(3) of the Maritime Area Planning Act 2021

Maritime Usage Licence Application Reference: MUL260003

Dear Applicant,

I refer to the above referenced maritime usage licence application received by the Maritime Area Regulatory Authority (MARA).

MARA considers that it requires additional information as set out below in order to determine the licence application.

It is stated on page 4 of your response report to MARA's RAI received by us on 03/09/2026, prepared by Rowan Consultants, that "Operations are limited to daylight hours only, are of short duration (generally less than one day per site), and are confined to the immediate area of each wreck (up to c. 5,000 m², see Item 3 / Attachment 4.1 below). "

The applied for area in your MUL application is to a n average of 300m² around each wreck, not 5,000 m². Can you confirm the proposed MUL area ,and therefore the maximum area of operations allowed under any licence granted, is as outlined in the application form submitted by yourselves to MARA on 13/01/2026 and represents an average of 300m² at each site

The requested information should be submitted to MARA (by email to licence@mara.gov.ie) within 1 week of the date of this notice, (by **25/09/2026**) in order for MARA to assess the licence application. Should you require an extension to this date (for good and sufficient reason), please contact us at your earliest possible opportunity.

Please refer to MARA's [Guidance Note for Applicants applying for a Maritime Usage Licence \(MUL\)](#) when providing the information requested.

If you have any queries in relation to this matter, please do not hesitate to contact the Maritime Usage Licensing Team at licence@mara.gov.ie.

Yours faithfully,

Leeanne Doyle
Maritime Usage Licensing Team
MARA
