

Listing of Foreshore Authorisations

List updated 08.07.2026 - Maritime Area Regulatory Authority
www.maritimeregulator.ie

***Note on Foreshore Authorisations**

- 1) The list may not be exhaustive as records date back to 1800s, and the list does not include foreshore sales or expired foreshore authorisations.
- 2) The list has limited information in some cases due to the lack of availability of records, and the list does not include foreshore authorisations authorised by other departments such as for aquaculture, or for other types of authorisation such as for oil and gas exploration. A number of applications made prior to the establishment of MARA are also under consideration in DCEE.

Explanation for details on the list

- Column H 'Consent Type' = Refers to the section of the Foreshore Act 1933 under which a consent was granted.
- Column A 'FS, MS' = These reference numbers are for Foreshore (FS), Database (MS) and Deed Numbers.

MARA – Maritime Area Regulatory Authority
