Subject: RE: [EXTERNAL]MUL260020 Request for Additional Information or Natura Impact Statement

Good afternoon John,

Further to your email below, I can confirm the below understanding is correct, the updated NIS should consider all Qualifying Interests and Protected sites which are screened in as part of the AA screening report issued by MARA, as well as including all projects included in the in-combination portion of the AA screening report.

MARA can also confirm that your request to extend the submission date by one week has been approved.
However, I would like to draw your attention to the public consultation guidance on the website in that we may require you to go to public consultation quite quickly after the updated NIS is submitted and that it would be beneficial for you to be prepared for this step.

I hope this answers your queries and if you have anything further, please contact us at licence@mara.gov.ie

Kind regards,

Paula O'Toole (MARA)
