MUL260004 non-statutory request for observations from public bodies

Waterways Ireland maintenance dredging Limerick City

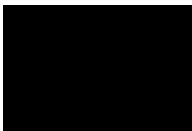

To whom it may concern,

Having reviewed the MUL260004 application from the perspective of the International Convention for the Safety of Life at Sea (SOLAS), 1974 and the requirement therein to provide such aids to navigation as the volume of traffic justifies and the degree of risk requires, the Commissioners of Irish Lights as the National competent authority for marine aids to navigation under the Merchant Shipping Act 1894, wishes to make the following observations regarding this application.

As the location of the licence application is upriver of the Shannon Bridge (Mallow Street Bridge), it falls outside the remit of Irish Lights. From S.I. No. 175/1998 - Shannon Navigation (Extension of Limits of Navigation) Bye-Laws, 1998, it appears that Waterways Ireland is the appropriate authority to consent any aids to navigation required in relation to this dredging activity.

For any queries, please contact operations@irishlights.ie

Yours sincerely,

Captain Catriona Schmiegner Tosco
Navigation Services Manager
