Subject: RE: MUL260049 – Request for Extension to Non-Statutory Consultation Response Deadline- Irish Lights

Categories: Filed to eDocs

Dear Catriona,

We will grant a two-week extension to 06/10/2026 to enable you to compile a response from Irish Lights. In relation to your mapping query, please see the response below from our GIS Manager:

With respect to the GIS data and maps submitted to MARA in respect of **MUL260049**, the applicant has provided the required Proposed MUL shapefile GIS data and Proposed MUL Map.

The applicant has also provided a series of maps depicting ADCP locations along the east coast within the Proposed MUL areas (See Attachment 3.5 – Other Maps and Drawings) to MARA.

These maps are available to see here in the 'Other Maps' section of the Applicant Documentation: <https://www.maritimeregulator.ie/application/mul260049/>

Documentation	
Application Documentation	
Document	View/Download
Application Form	View/Download
Proposed Maritime Usage	View/Download
Compliance with Objectives of NMPF	View/Download
SHSAA	View/Download
Risk Assessment for Annex IV	View/Download
Compliance with Water Framework Directive	View/Download
Compliance with Objectives of MSPD	View/Download
Information for EIA Screening	View/Download
Compliance with Other Policy Objectives	View/Download
MUL Map	View/Download
Other Maps	View/Download

The applicant is not required by MARA to provide this supplementary information in GIS format.

Irish Lights may wish to request the ADCP point data that was used the generation of these 'Other Maps and Drawings' (Attachment 3.5) from Uisce Eireann (maps prepared by Jordan Barr, GIS Specialist at AECOM), or perhaps georeference these maps and generate the GIS point data to represent the required point data displayed.

MARA do not hold this information in GIS data format, tabular or spreadsheet format.

I trust this is of assistance to you. Should you have any further queries, please contact licence@mara.gov.ie

Kind regards,

Martina Monaghan

Subject: MUL260049 – Request for Extension to Non-Statutory Consultation Response Deadline

Dear Ms. Rossiter

I am writing in relation to the non-statutory consultation for Maritime Usage Licence application MUL260049.

Irish Lights is currently reviewing the application from a safety of navigation and aids to navigation perspective. However, we are not in a position to complete our assessment within the current

consultation timeframe, as the application material does not appear to include sufficient spatial detail for the proposed deployment locations, including the specific latitude and longitude coordinates for the 14 ADCPs referenced in the application. Irish Lights has sought this information from Uisce Eireann, from Aecom in their capacity as consulting engineers acting for Uisce Eireann and from MARA, but to no avail.

This information is required to allow Irish Lights to assess any potential navigational safety implications in accordance with the National Marine Planning Framework, including whether the proposed locations may affect available navigable water and whether any aids to navigation may be required in the interests of safe navigation.

In light of this, Irish Lights respectfully requests a 2-week extension to the consultation response deadline to allow sufficient time for the necessary spatial information to be provided and reviewed.

If MARA can supply these coordinates to Irish Lights, that would expedite the process. Alternatively, Irish Lights will again seek the coordinates from Uisce Eireann and/or Aecom.

We would be grateful if MARA could confirm whether an extension can be granted and advise on the revised deadline.

Kind Regards

Captain Catriona Schmegner Tosco, MSc. BSc (Hons) MNI, DPA, CSO
